

ACCOUNTING PROGRAM: Professional Licensure and Disclosure Policy/Process

SYNOPSIS

The following contains information related to a Kansas Wesleyan University academic program that is either:

1) designated to prepare students for professional license or certification attainment coupled with KWU's determination whether the program meets U.S. State, Territory, or District curriculum requirements

OR

2) designated as a pre-licensure program that provides initial academic study, but is not intended to directly lead to professional license or certification since post-baccalaureate education and/or additional post-baccalaureate work experience would be required.

.....
Professional Licensure & Disclosure Policy (which contains Student Location Policy and Process) is included.

Professional Licensure and Certification Disclosure Processes

This document contains information related to Kansas Wesleyan University's programs that are designed to prepare students for the attainment of a professional license or certification and its determination as whether those programs meet the educational prerequisites for professional licensure or certification. Academic programs omitted from this list are not intended to lead to a professional licensure or certification.

Additional Licensure Requirements: Requirements for licensure or certification in addition to educational prerequisites may include professional examinations, background checks, years or work experience, fingerprinting requirements, etc.

Potential Changes in Requirements: Students who plan to pursue licensure should be aware that requirements for professional licensure can vary drastically by state, and these requirements are subject to change at any time. While an academic program may originally meet the educational requirements for licensure, changes in U.S. State/U.S. Territory requirements or laws could impact the program's ability to meet new educational requirements. Students should always check with their state licensure board to confirm licensure requirements.

Important Note for Relocating During the Course of a Program of Study: Prospective and current students should keep in mind that relocating to another state during the course of a program of study could impact their ability to meet the licensure or certification requirements of the relocating state.

PROFESSIONAL LICENSURE AND DISCLOSURE POLICY

Administrative Division	Provost
Policy Title	Professional Licensure and Disclosure Policy
Administrative Office	Director of Assessment & Institutional Compliance
Effective Date of Policy	July 1, 2024

Purpose

The U.S. Code of Federal Regulations, specifically 34 CFR 668.43(a)(5)(v) and 34 CFR 668.43(c) require disclosures by institutions regarding educational requirement for programs leading to professional licensure or certification regardless of instructional modality. 34 CFR 668.43(a)(5)(v) requires an institution to provide information to enrolled and prospective students whether programs leading to professional licensure or certification meet educational requirements throughout all U.S. states and territories. This applies directly to the state of territory in which the enrolled and prospective students are located.

Implementation

This policy is effective July 1, 2024.

Definitions

Compact or Reciprocity Agreement: This is a formal, voluntary agreement among member states, districts, and territories that establishes comparable national standards for interstate offerings of postsecondary courses and programs. States and territories ultimately retain authority of licensure criteria, but each member state/territory adopts similar legislation that makes it possible for a licensed professional who completed an approved program and has acquired a certificate or license in one state/territory to earn a certificate or license in another state/territory.

Current students: Students who are currently enrolled in a Kansas Wesleyan University (KWU) academic program of study.

Student location: This is defined as the State where the student resides using the permanent address in Jenzabar, the KWU student information system; for a prospective student, this is the State of the prospective student's residency at the time the student has applied for admission, intends to enroll, and is then entered into Jenzabar, the KWU student information system. For students whose permanent address does not include a U.S. State or territory (e.g., student living outside the United States), their

location will be considered to be the State of Kansas. Location designations shall remain in effect unless and until a student notifies the institution in writing of a change of U.S. State or territory location. Once the student has notified the institution of their location change and the institution has noted the change in Jenzabar, the date of entry of the new student location in Jenzabar will serve as the effective date of a student's revised location for the purposes of this policy. An exception to the student location definition includes distance education.

Distance education: This involves the remote delivery (> 50 percent) of academic courses that are part of or independent of academic programs that employ one or more types of technology (internet, satellite, wireless communication, or audio/video conferencing) to students who are separated from the instructor and to support regular and substantive synchronous or a synchronous interaction between students and the instructor. For purposes of determining student location in such distance education situations, any student residing in Kansas, relocating to Kansas, or in the process of relocating to Kansas, their location will be considered to be the State of Kansas when students, during their first term of enrollment, are enrolled in, or are enrolling in any distance academic course(s) or academic program that is or is not part of KWU's *Professional Licensure and Disclosure* policy processes and procedures. This exception does not apply to commuter students outside of Kansas. Location designations shall remain in effect unless and until a student notifies the institution in writing of a change of U.S. State or territory location. Once the student has notified the institution of their location change and the institution has noted the change in Jenzabar, the date of entry of the new student location in Jenzabar will serve as the effective date of a student's revised location for the purposes of this policy.

Professional licensure program: A degree program that can lead to a professional licensure or certification to ensure a professional meets certain industry and/or occupational requirements in terms of knowledge, experience, and currency.

Prospective students: Students who have applied for admission to KWU but have not yet enrolled in any KWU courses.

Reciprocity Agreement or Compact: This is a formal, voluntary agreement among member states, districts, and territories that establishes comparable national standards for interstate offerings of postsecondary courses and programs. States and territories ultimately retain authority of licensure criteria, but each member state/territory adopts similar legislation that makes it possible for a licensed professional who completed an approved program and has acquired a certificate or license in one state/territory to earn a certificate or license in another state/territory.

Students: Students include current and prospective students.

State: A State of the Union, American Samoa, the Commonwealth of Puerto Rico, the District of Columbia, Federated States of Micronesia, Guam, Northern Mariana Islands, Republic of Palau, Republic of Marshall Islands, and the U.S. Virgin Islands.

Policy and Procedure

If an academic program offered by Kansas Wesleyan University (KWU) is designed to meet educational requirements for a specific professional license or certification that is required for employment in an occupation, or is advertised as meeting such requirements, information regarding whether completing that program would be sufficient to meet licensure requirements in a state for the occupation is required, including:

- A. A list of all states for which the institution has determined that its program curriculum meets the State educational requirements for licensure or certification; and
- B. A list of all states for which the institution has determined that its program curriculum does not meet the state educational requirements for licensure or certification.

A direct disclosure is required by 34 CFR 668.43(c) by the institution to the student in writing if the program leading to professional licensure or certification falls in the latter of the two categories above (the curriculum does not meet educational requirements) for the state in which a student is located. In this situation, the institution must inform the student directly of that status. This direct notification (typically email, letter, or other electronic form of communication) must occur before the student's enrollment in the program(s) or prior to the student making a financial commitment to the institution.

Alternatively, for a student enrolled in the program, if the institution makes a later determination that the program does not meet educational requirements for licensure or certification in the state where the student is located, the institution must provide notice directly to the student within 14 calendar days of making that determination. The direct disclosures must be in writing (typically email, letter, or other electronic form of communication). It is anticipated that this provision would occur most often when a program loses its approval in a state in which the student is located.

When disclosed to the student that the program curriculum does not meet state requirements regarding the state in which the student is located, the student may still enroll if the student is provided with information about the student's state location designation licensure status and attest that they will seek employment at a location (where the program's curriculum 'meets' state requirements) other than the student's state location designation. When such a situation like this arises, individual direct disclosures will be provided. Program participation agreement regulations require that students from 'does not meet' states/territories cannot be enrolled in the program. Only prospective students utilizing the attestation process/exception will be allowed to enroll in the program.

When a KWU academic program participates in a compact or reciprocity agreement, the program will determine whether the participating state requires a curriculum comparison. For states where a curriculum comparison is not required, no comparison will be made, but will be noted that the program meets educational requirements of the compact/reciprocity agreement. For states where a curriculum comparison is required or if the state is not part of a compact or reciprocity agreement, the program will conduct a curriculum comparison. Findings of the curriculum comparison will be disclosed to individual students based on the student's state location designation as 'meeting' or 'not meeting' state requirements. In either scenario where a curriculum comparison is or is not required, any other additional state requirements will be noted and disclosed to each individual student as appropriate.

Student Location:

For purposes of this policy, the student location is:

- The state where the enrolled student resides and is based on the permanent home address entered into Jenzabar, the KWU student information system (unless exceptions are noted; see *'Distant education'*).
- For a prospective student, this is the state of the prospective student's residency at the time the student has applied for admission, intends to enroll, and is then entered into Jenzabar, the KWU student information system (unless additional exceptions are noted; see *'Distant education'*).
- For *students whose permanent address does not include a U.S. State or territory* (e.g., student living outside the United States), their location will be considered to be the State of Kansas (unless additional exceptions are noted; see *'Distant education'*).

The student location designation will remain in effect unless and until the student notifies the institution in writing of a change of U.S. State or territory location listed in the student's permanent address within Jenzabar, the KWU student information system.

Once the student has notified the institution of their location change and the institution has noted the change in Jenzabar, the date of entry in Jenzabar will serve as the effective date of a student's revised location for the purposes of this policy.

The institution will then have 14 calendar days to provide a direct disclosure to the student if it has been determined that the program's curriculum does not meet the state's (student's revised location) educational requirements for licensure or certification.

Academic programs where additional credit hours beyond the bachelor's degree are required for licensure or certification, said programs will state that the program is a 'prelicensure program' and is not designed as a program leading to licensure (e.g., Accounting [regarding C.P.A. and C.P.M. licensure]).

Academic programs will be required to conduct an annual review and update state by state findings concerning KWU's program curriculum 'meeting' or 'not meeting' state requirements as needed.

All other university policies that determine Kansas residency for the purpose of tuition assessment will not be superseded by this policy.

Disclaimer

Kansas Wesleyan University does not grant licensure, but each state's/territory's licensure board or agency provides licensure once a KWU student graduates and applies for that state's/territory's license. We cannot guarantee that any KWU graduated student will be able to obtain said license, but in good faith we have put forth our best effort in determining whether KWU academic programs meet each state's/territory's licensure requirements. As a result, our determinations are not final and should not be relied upon.

Compliance

Compliance with the university's Professional Licensure and Disclosure Policy is mandatory for all faculty, staff, and students. Failure to follow the policy will be handled through the standard disciplinary procedure according to the respective university guidelines.

KWU Accounting Program

The Accounting Program at Kansas Wesleyan University (KWU) is part of the Kansas Wesleyan University's Business Department that is currently seeking accreditation with the Accreditation Council for Business Schools and Programs (ACBSP). The baccalaureate degree in Accounting (120 credit hours) is a prelicensure program and is not designated as a program leading to licensure.

The Certified Public Accountant (CPA) licensure requires 150 total credit hours of coursework, which means that approximately 30 additional credit hours beyond the baccalaureate degree would be required prior to taking the CPA exam. Certified Managerial Accountant (CMA) licensure requires a bachelor's degree plus 2 years of professional work experience in management accounting or financial management accounting prior to taking the CMA exam. In both licensure types, KWU's Accounting pre-licensure program will not meet any U.S. State's, District's, or Territory's curriculum requirements.

Consulting Firm: *The Bookmark*

KWU has partnered with consulting firm, *The Bookmark*, to assist with making determinations regarding curriculum requirements. *The Bookmark* representatives have provided KWU guidance as to whether or not each state/territory/district requires a curriculum comparison. If curriculum comparisons are warranted, *The Bookmark* personnel provided additional state/territory/district legislative language. *The Bookmark* documentation may be found in APPENDIX A.

How Determinations Are Made

Determinations regarding KWU's Accounting curriculum meeting or not meeting curriculum requirements are easily determined. Our baccalaureate degree in Accounting will not meet U.S. State's, District's, or Territory's curriculum requirements based on the information provided in the "KWU Accounting Program" section at the top of this page.

- Determination processes are based solely on prospective and currently enrolled students in KWU's Accounting Program.
- KWU's Business Department Chair or department designee, in consultation with appropriate KWU personnel, will chart and record all prospective and currently enrolled students in the Accounting Program.
- KWU will be responsible for maintaining and updating its website with 'Make Available' disclosure information as it becomes available.
- KWU will be responsible for sending the appropriate 'Direct Disclosures.'
- If a prospective or currently enrolled student has notified the institution of a home/residence change and the institution has noted the change in Jenzabar, the date of entry in Jenzabar will serve as the effective date of a student's revised location for the purposes of this policy. The institution will then have 14 calendar days to provide a direct disclosure to the student if it has been determined that the program's curriculum does not meet the state's (student's revised location) educational requirements for licensure or certification.

Sample 'Direct Disclosure' Communication to Prospective & Current Students

'Direct Disclosure' – Positive Determination Draft Message

Due to KWU's Accounting program being a pre-licensure program, a direct disclosure with a positive determination will not be sent to any prospective or current student.

'Direct Disclosure' – Negative Determination Draft Message

Due to recent changes in Federal Legislation, we are now required to contact you regarding your program of study in Accounting, and whether KWU's program curriculum would be approved by your home state (**state**). At this time, we have determined that KWU's Accounting pre-licensure program curriculum **does not meet** state licensure requirements in your home state. Further documentation and information may be found on the KWU website at: <https://www.kwu.edu/about/consumer-information/> at the "Accounting Program Professional Licensure and Disclosure Policy/Process" link.

Sample 'Attestation' Statement for Prospective and Current Students

Dear KWU <ADMISSIONS/REGISTRAR> Office,

I am a <PROSPECTIVE/CURRENT> student interested in enrolling in an education program at Kansas Wesleyan University. I have been informed by <ADVISOR NAME> that this program **does not meet** the state licensure requirements in the state in which I am currently located.

I acknowledge that if I enroll in the program and complete the curriculum, I will not be eligible to become licensed in my current state, which may impact my career opportunities. I also understand that if I do not plan to relocate to another state or territory in order to seek licensure and employment after completing the program, I am prohibited by federal regulation from being admitted into the program.

I hereby attest and confirm that I do not intend to remain in my current state upon completing the <NAME OF PROGRAM> program but rather, intend to relocate to <MEETS STATE/TERRITORY>, and plan to seek licensure and employment in <MEETS STATE/TERRITORY>. I confirm I have reviewed the general licensure disclosures provided by Kansas Wesleyan University. Using all reasonable efforts, Kansas Wesleyan University has determined that the program **does meet** the educational requirements for licensure in the state or territory that I plan to relocate to and therefore, I intend to enroll in the program.

I understand that the education element is only one component of requirements for licensure. Criminal history, background checks, fingerprinting, additional training, continuing education, supervised work experience, fees, and other requirements may need to be satisfied in order to qualify for licensure.

I also acknowledge that I should contact any state or territory in which I may be interested in becoming licensed after completing the program to ensure I fully understand my employment options in that state or territory. The most reliable information comes directly from the applicable licensure board or agency/entity. I submit this attestation voluntarily and knowingly.

APPENDIX A: *THE BOOKMARK* DOCUMENTS FOR U.S. STATES/TERRITORIES/DISTRICTS

Listed in alphabetical order beginning on the next page.

[BACK TO SEARCH](#)

State/Territory

*KEY

Board/Agency Name

Licensing board or agency name

Board/Agency Website

License Title

Specific title of license issued by the state/territory.

Note, if a state/territory issues a required time-limited license for purposes of gaining supervised experience after graduating that has different educational requirements, information for this type of license and the next-level license is provided. Curriculum should be compared to all relevant titles/levels in order to determine if a program "meets" educational requirements.

Specialized Accreditation Required?

"No" means the Board does not require the program to hold a specialized accreditation for licensure.

"Yes" means the Board does require the program to hold a specialized accreditation for licensure.

"N/A" means the state or territory does not offer a license.

Specialized Accreditation

"Yes" means there is language in statute or

Accepted as Meeting Educational Requirements?

rule that a program that holds specialized accreditation meets some or all education requirements.

"No" means Board does not indicate that specialized accreditation meets all educational requirements.

"N/A" means state/territory does not offer a license.

Curriculum Comparison Needed?

"Yes" means a comparison of the program to specific state standards/coursework/supervised experience listed is needed to determine if the program meets educational requirements for licensure.

"No" means a program does not need to compare their program to specific state/territory educational requirements. In most instances, the Board/Agency is relying on specialized accreditation or approval, license applicants holding certification, or license applicants meeting examination requirements.

"N/A" means the state or territory does not offer a license.

Note, each licensing board will still evaluate each individual graduate's application at the time they apply.

Specific Coursework

Specific information from statute, rule, application, or website is copied that includes state/territory requirement of certain courses or other educational requirements to be completed as part of the program. Licensing board/agency will review the graduate's transcript to determine if educational requirements were completed.

"N/A" means the state or territory does not

offer a license.

Note, if references to other sections of statutes/regulations are listed, The Bookmark includes all relevant information required for curriculum comparison here. In other words, programs do not need to complete further research into statutes/regulations to determine comparison requirements.

Must Credits/Courses Be Part of Degree Program?

If "yes", all required coursework needs to be taken as part of the degree.

If "no", information found in statute, regulation, rule, policy, or Board published information that indicates some coursework can be taken outside of degree/after graduation.

Note that if coursework can be taken outside of the degree, the program must still meet Board program requirements, for example total credits.

"N/A" means the state/territory does not issue a license or specific coursework is not applicable.

Supervised Experience (In-Program)

Information is provided about any required practicum, internship, or supervised clinical experiences required to be completed as part of the program.

"N/A" means the state/territory does not issue a license.

Must Out-of-State Program Graduate Hold License to Qualify?

"Yes" means the state/territory requires a license applicant who graduated from a program based in another state/territory to hold that state/territory license to meet educational requirements for initial, first-time license.

"No" means the state/territory does not require a license applicant who graduated from a program based in another state/territory to hold that state/territory license to meet educational requirements for initial, first-time license.

"N/A" means the state/territory does not issue a license.

Must License Applicant Hold Private Certification?

"Yes" means the state/territory requires a license applicant to hold a certification issued by a private (non-governmental) organization to meet educational requirements for initial, first-time license.

"No" means the state/territory does not require a license applicant to hold a certification issued by a private (non-governmental) organization to meet educational requirements for initial, first-time license.

"N/A" means the state/territory does not issue a license.

Additional Training (Not Required In-Program)

Training, continuing education or other requirements for initial licensure are listed here. These DO NOT need to be completed as part of the program to meet educational requirements for licensure.

Experience (After Graduating/Outside of Program)

Experience required for initial licensure. This could be supervised work experience after graduating, experience accrued outside of the program, or specific prior work experience. This DOES NOT (and in most cases, cannot) need to be completed as part of the program to meet educational requirements for licensure.

Exam(s) Required

Any exams required for the type of license.

"None found" means that the state/territory

does not specify an exam for that particular license.

"N/A" means the state/territory does not offer a license.

**Statute/Regulation/Rule
Citation**

Citation to the relevant section(s) of state statutes, regulations or rules.

Notes

--Educational requirements are provided for the recent graduate of a program of a regionally accredited college or university in the U.S. who is, or will be, applying for their first license or certification (typically by exam).

--Some states have additional levels of license/certification or additional scope of practice available if specific coursework, training, or work experience is completed. The Bookmark only captures the first level of license/certification (unless otherwise indicated).

--Some license types have multiple pathways to qualify. The Bookmark includes information through the lens of a program offered at a regionally accredited college or university, and does not include all of the possible ways that an individual may qualify for the license.

--Terminology is inconsistent across states/territories for most license types. Certification, license, credential, endorsement and certificate are all used to describe the legally required permission by a state/territory to practice a particular profession or occupation. The Bookmark uses license and certification to refer to all of these. The exact title is provided for each state/territory.

Notes	3.2 EDUCATION REQUIREMENT (a) An applicant will be deemed to have met the education requirement if the applicant has earned a graduate or an undergraduate degree, either of which includes at least 30 hours in business as listed in Section 3.2(c) and at least 30 upper-level or 20 graduate hours in accounting (or a combination thereof) as listed in Section 3.2(b), from a college or university that meets the criteria for accreditation defined in Section 3.1(b). Applicants must meet the accounting education requirements defined in Section 3.2(b) and the business education

requirements defined in Section 3.2(d).

(b) The accounting component of the applicant's educational program must include at least 30 semester credit hours (SCH) of undergraduate accounting courses above the principles level or 20 SCH of graduate-level accounting courses, or a combination thereof. The accounting component must include coverage of financial accounting, management accounting, governmental and not-for-profit accounting, federal taxation, auditing and attestation, and accounting information systems. The applicant must earn a grade of "C" or better in each course included in the accounting component.

(c) The business component of the applicant's educational program must include at least 30 SCH of undergraduate courses in business, other than accounting, or 20 SCH of graduate business courses other than accounting (or a combination thereof). The applicant must earn a grade of "C" or better in each course included in the business component.

(d) The Board recognizes the essential need to include coverage of ethics and written communication in the accounting component and, therefore, encourages institutions to integrate coverage of both topics appropriately in the accounting component.

(e) Content areas specified in the accounting component may be covered in stand alone courses at some institutions or may be integrated or embedded within related courses at other institutions. Institutions that use an integrated approach that covers multiple subjects will be responsible for providing the Board with documentation to establish the courses within which each content area is covered.

(f) Internship credit: The accounting or business component (but not both) may

include a maximum of 3 SCH earned for an accounting internship. Internship credit may not be used to fulfill the subject matter requirements listed in 3.2(b). The business component may include a maximum of 3 SCH earned for a business internship, other than in accounting.

(g) Independent study: The accounting or business component (but not both) may include a maximum of 3 SCH earned for an independent study. When appropriately documented by the institution, these hours may be used to fulfill part of the subject matter requirements listed in 3.2(b).
