Professional Licensure and
Disclosure Policy/Process**

SYNOPSIS

The following contains information related to a Kansas Wesleyan University academic program that is either:

1) designated to prepare students for professional license or certification attainment coupled with KWU's determination whether the program meets U.S. State, Territory, or District curriculum requirements

OR

2) designated as a pre-licensure program that provides initial academic study, but is not intended to directly lead to professional license or certification since post-baccalaureate education and/or additional post-baccalaureate work experience would be required.

.....
Professional Licensure & Disclosure Policy (which contains Student Location Policy and Process) is included.

Professional Licensure and Certification Disclosure Processes

This document contains information related to Kansas Wesleyan University's programs that are designed to prepare students for the attainment of a professional license or certification and its determination as whether those programs meet the educational prerequisites for professional licensure or certification. Academic programs omitted from this list are not intended to lead to a professional licensure or certification.

Additional Licensure Requirements: Requirements for licensure or certification in addition to educational prerequisites may include professional examinations, background checks, years or work experience, fingerprinting requirements, etc.

Potential Changes in Requirements: Students who plan to pursue licensure should be aware that requirements for professional licensure can vary drastically by state, and these requirements are subject to change at any time. While an academic program may originally meet the educational requirements for licensure, changes in U.S. State/U.S. Territory requirements or laws could impact the program's ability to meet new educational requirements. Students should always check with their state licensure board to confirm licensure requirements.

Important Note for Relocating During the Course of a Program of Study: Prospective and current students should keep in mind that relocating to another state during the course of a program of study could impact their ability to meet the licensure or certification requirements of the relocating state.

PROFESSIONAL LICENSURE AND DISCLOSURE POLICY

Administrative Division	Provost
Policy Title	Professional Licensure and Disclosure Policy
Administrative Office	Director of Assessment & Institutional Compliance
Effective Date of Policy	July 1, 2024

Purpose

The U.S. Code of Federal Regulations, specifically 34 CFR 668.43(a)(5)(v) and 34 CFR 668.43(c) require disclosures by institutions regarding educational requirement for programs leading to professional licensure or certification regardless of instructional modality. 34 CFR 668.43(a)(5)(v) requires an institution to provide information to enrolled and prospective students whether programs leading to professional licensure or certification meet educational requirements throughout all U.S. states and territories. This applies directly to the state of territory in which the enrolled and prospective students are located.

Implementation

This policy is effective July 1, 2024.

Definitions

Compact or Reciprocity Agreement: This is a formal, voluntary agreement among member states, districts, and territories that establishes comparable national standards for interstate offerings of postsecondary courses and programs. States and territories ultimately retain authority of licensure criteria, but each member state/territory adopts similar legislation that makes it possible for a licensed professional who completed an approved program and has acquired a certificate or license in one state/territory to earn a certificate or license in another state/territory.

Current students: Students who are currently enrolled in a Kansas Wesleyan University (KWU) academic program of study.

Student location: This is defined as the State where the student resides using the permanent address in Jenzabar, the KWU student information system; for a prospective student, this is the State of the prospective student's residency at the time the student has applied for admission, intends to enroll, and is then entered into Jenzabar, the KWU student information system. For students whose permanent address does not include a U.S. State or territory (e.g., student living outside the United States), their

location will be considered to be the State of Kansas. Location designations shall remain in effect unless and until a student notifies the institution in writing of a change of U.S. State or territory location. Once the student has notified the institution of their location change and the institution has noted the change in Jenzabar, the date of entry of the new student location in Jenzabar will serve as the effective date of a student's revised location for the purposes of this policy. An exception to the student location definition includes distance education.

Distance education: This involves the remote delivery (> 50 percent) of academic courses that are part of or independent of academic programs that employ one or more types of technology (internet, satellite, wireless communication, or audio/video conferencing) to students who are separated from the instructor and to support regular and substantive synchronous or a synchronous interaction between students and the instructor. For purposes of determining student location in such distance education situations, any student residing in Kansas, relocating to Kansas, or in the process of relocating to Kansas, their location will be considered to be the State of Kansas when students, during their first term of enrollment, are enrolled in, or are enrolling in any distance academic course(s) or academic program that is or is not part of KWU's *Professional Licensure and Disclosure* policy processes and procedures. This exception does not apply to commuter students outside of Kansas. Location designations shall remain in effect unless and until a student notifies the institution in writing of a change of U.S. State or territory location. Once the student has notified the institution of their location change and the institution has noted the change in Jenzabar, the date of entry of the new student location in Jenzabar will serve as the effective date of a student's revised location for the purposes of this policy.

Professional licensure program: A degree program that can lead to a professional licensure or certification to ensure a professional meets certain industry and/or occupational requirements in terms of knowledge, experience, and currency.

Prospective students: Students who have applied for admission to KWU but have not yet enrolled in any KWU courses.

Reciprocity Agreement or Compact: This is a formal, voluntary agreement among member states, districts, and territories that establishes comparable national standards for interstate offerings of postsecondary courses and programs. States and territories ultimately retain authority of licensure criteria, but each member state/territory adopts similar legislation that makes it possible for a licensed professional who completed an approved program and has acquired a certificate or license in one state/territory to earn a certificate or license in another state/territory.

Students: Students include current and prospective students.

State: A State of the Union, American Samoa, the Commonwealth of Puerto Rico, the District of Columbia, Federated States of Micronesia, Guam, Northern Mariana Islands, Republic of Palau, Republic of Marshall Islands, and the U.S. Virgin Islands.

Policy and Procedure

If an academic program offered by Kansas Wesleyan University (KWU) is designed to meet educational requirements for a specific professional license or certification that is required for employment in an occupation, or is advertised as meeting such requirements, information regarding whether completing that program would be sufficient to meet licensure requirements in a state for the occupation is required, including:

- A. A list of all states for which the institution has determined that its program curriculum meets the State educational requirements for licensure or certification; and
- B. A list of all states for which the institution has determined that its program curriculum does not meet the state educational requirements for licensure or certification.

A direct disclosure is required by 34 CFR 668.43(c) by the institution to the student in writing if the program leading to professional licensure or certification falls in the latter of the two categories above (the curriculum does not meet educational requirements) for the state in which a student is located. In this situation, the institution must inform the student directly of that status. This direct notification (typically email, letter, or other electronic form of communication) must occur before the student's enrollment in the program(s) or prior to the student making a financial commitment to the institution.

Alternatively, for a student enrolled in the program, if the institution makes a later determination that the program does not meet educational requirements for licensure or certification in the state where the student is located, the institution must provide notice directly to the student within 14 calendar days of making that determination. The direct disclosures must be in writing (typically email, letter, or other electronic form of communication). It is anticipated that this provision would occur most often when a program loses its approval in a state in which the student is located.

When disclosed to the student that the program curriculum does not meet state requirements regarding the state in which the student is located, the student may still enroll if the student is provided with information about the student's state location designation licensure status and attest that they will seek employment at a location (where the program's curriculum 'meets' state requirements) other than the student's state location designation. When such a situation like this arises, individual direct disclosures will be provided. Program participation agreement regulations require that students from 'does not meet' states/territories cannot be enrolled in the program. Only prospective students utilizing the attestation process/exception will be allowed to enroll in the program.

When a KWU academic program participates in a compact or reciprocity agreement, the program will determine whether the participating state requires a curriculum comparison. For states where a curriculum comparison is not required, no comparison will be made, but will be noted that the program meets educational requirements of the compact/reciprocity agreement. For states where a curriculum comparison is required or if the state is not part of a compact or reciprocity agreement, the program will conduct a curriculum comparison. Findings of the curriculum comparison will be disclosed to individual students based on the student's state location designation as 'meeting' or 'not meeting' state requirements. In either scenario where a curriculum comparison is or is not required, any other additional state requirements will be noted and disclosed to each individual student as appropriate.

Student Location:

For purposes of this policy, the student location is:

- The state where the enrolled student resides and is based on the permanent home address entered into Jenzabar, the KWU student information system (unless exceptions are noted; see *'Distant education'*).
- For a prospective student, this is the state of the prospective student's residency at the time the student has applied for admission, intends to enroll, and is then entered into Jenzabar, the KWU student information system (unless additional exceptions are noted; see *'Distant education'*).
- For *students whose permanent address does not include a U.S. State or territory* (e.g., student living outside the United States), their location will be considered to be the State of Kansas (unless additional exceptions are noted; see *'Distant education'*).

The student location designation will remain in effect unless and until the student notifies the institution in writing of a change of U.S. State or territory location listed in the student's permanent address within Jenzabar, the KWU student information system.

Once the student has notified the institution of their location change and the institution has noted the change in Jenzabar, the date of entry in Jenzabar will serve as the effective date of a student's revised location for the purposes of this policy.

The institution will then have 14 calendar days to provide a direct disclosure to the student if it has been determined that the program's curriculum does not meet the state's (student's revised location) educational requirements for licensure or certification.

Academic programs where additional credit hours beyond the bachelor's degree are required for licensure or certification, said programs will state that the program is a 'prelicensure program' and is not designed as a program leading to licensure (e.g., Accounting [regarding C.P.A. and C.P.M. licensure]).

Academic programs will be required to conduct an annual review and update state by state findings concerning KWU's program curriculum 'meeting' or 'not meeting' state requirements as needed.

All other university policies that determine Kansas residency for the purpose of tuition assessment will not be superseded by this policy.

Disclaimer

Kansas Wesleyan University does not grant licensure, but each state's/territory's licensure board or agency provides licensure once a KWU student graduates and applies for that state's/territory's license. We cannot guarantee that any KWU graduated student will be able to obtain said license, but in good faith we have put forth our best effort in determining whether KWU academic programs meet each state's/territory's licensure requirements. As a result, our determinations are not final and should not be relied upon.

Compliance

Compliance with the university's Professional Licensure and Disclosure Policy is mandatory for all faculty, staff, and students. Failure to follow the policy will be handled through the standard disciplinary procedure according to the respective university guidelines.

Pre-Law

KWU does not offer a pre-law degree, but does offer baccalaureate degrees that may be considered as prelicensure programs that do not directly lead to licensure. Students interested in law licensure must complete the following: 1) attain any baccalaureate degree; 2) must pass the Law School Admission Test (LSAT); 3) apply for admission into an American Bar Association approved program; once admitted 4) successfully complete approximately 84 additional credit hours (approximately 3-years) of course work and graduate with a Juris Doctor (JD) degree; and 5) pass the American Bar Association exam (bar exam).

Consulting Firm: *The Bookmark*

KWU has partnered with consulting firm, *The Bookmark*, to assist with making determinations regarding curriculum requirements. Due to the fact that KWU does not offer a pre-law degree, but does offer an array of baccalaureate degrees that may be considered as prelicensure programs, *The Bookmark* was not utilized for law licensure. Instead, documentation will be included in APPENDIX A that consists of American Bar Association weblinks for each of the U.S. State, Territories, and Districts.

How Determinations Are Made

Determinations regarding any of KWU's baccalaureate program curriculum meeting or not meeting curriculum requirements are easily determined. KWU's baccalaureate programs will not meet U.S. State's, District's, or Territory's curriculum requirements based on the information provided in the "Pre-Law" section at the top of this page.

- Determination processes are based solely on prospective and currently enrolled students who are interested in Pre-Law licensure.
- KWU's Pre-Law Faculty Advisor, in consultation with KWU personnel, will chart and record all prospective and currently enrolled students interested in Pre-Law licensure.
- KWU's Pre-Law Faculty Advisor will review and notify prospective and currently enrolled students in a KWU baccalaureate program that the curriculum being studied will not be approved by the prospective or currently enrolled student's home/residence state.
- KWU's Pre-Law Faculty Advisor will notify each prospective and currently enrolled student interested in Pre-Law licensure the steps needed for law licensure.
- KWU will be responsible for maintaining and updating its website with 'Make Available' disclosure information as it becomes available.
- KWU will be responsible for sending the appropriate 'Direct Disclosures.'
- If a prospective or currently enrolled student has notified the institution of a home/residence change and the institution has noted the change in Jenzabar, the date of entry in Jenzabar will serve as the effective date of a student's revised location for the purposes of this policy. The institution will then have 14 calendar days to provide a direct disclosure to the student if it has been determined that the program's curriculum does not meet the state's (student's revised location) educational requirements for licensure or certification.

Sample 'Direct Disclosure' Communication to Prospective & Current Students

'Direct Disclosure' – Positive Determination Draft Message

Due to all of KWU's baccalaureate programs potentially being pre-licensure programs, a positive direct disclosure determination will not be sent to any prospective or current student interested in law licensure since additional criteria attainment beyond the baccalaureate degree is required.

'Direct Disclosure' – Negative Determination Draft Message

Due to recent changes in Federal Legislation, we are now required to contact you regarding your program of study, and whether KWU's program curriculum would be approved by your home state (state) for law licensure. At this time, we have determined that your current baccalaureate program curriculum (regarding law licensure) **does not meet** licensure requirements in your home state. You must complete the following: 1) attain any baccalaureate degree; 2) must pass the Law School Admission Test (LSAT); 3) apply for admission into an American Bar Association approved law program; once admitted 4) successfully complete approximately 84 additional credit hours (approximately 3-years) of course work and graduate with a Juris Doctor (JD) degree; and 5) pass the American Bar Association exam (bar exam). Further documentation and information may be found on the KWU website at: <https://www.kwu.edu/about/consumer-information/> at the "Pre-Law Professional Licensure and Disclosure Policy/Process" link.

Sample 'Attestation' Statement for Prospective and Current Students

Dear KWU <ADMISSIONS/REGISTRAR> Office,

I am a <PROSPECTIVE/CURRENT> student interested in enrolling in an education program at Kansas Wesleyan University. I have been informed by <ADVISOR NAME> that this program **does not meet** the state licensure requirements in the state in which I am currently located.

I acknowledge that if I enroll in the program and complete the curriculum, I will not be eligible to become licensed in my current state, which may impact my career opportunities. I also understand that if I do not plan to relocate to another state or territory in order to seek licensure and employment after completing the program, I am prohibited by federal regulation from being admitted into the program.

I hereby attest and confirm that I do not intend to remain in my current state upon completing the <NAME OF PROGRAM> program but rather, intend to relocate to <MEETS STATE/TERRITORY>, and plan to seek licensure and employment in <MEETS STATE/TERRITORY>. I confirm I have reviewed the general licensure disclosures provided by Kansas Wesleyan University. Using all reasonable efforts, Kansas Wesleyan University has determined that the program **does meet** the educational requirements for licensure in the state or territory that I plan to relocate to and therefore, I intend to enroll in the program.

I understand that the education element is only one component of requirements for licensure. Criminal history, background checks, fingerprinting, additional training, continuing education, supervised work experience, fees, and other requirements may need to be satisfied in order to qualify for licensure.

I also acknowledge that I should contact any state or territory in which I may be interested in becoming licensed after completing the program to ensure I fully understand my employment options in that state or territory. The most reliable information comes directly from the applicable licensure board or agency/entity. I submit this attestation voluntarily and knowingly.
